## Term Research Assistant

Cambridge, MA, US

Worker Category : **Other Full-Time**

### Full-Time Economics Term Research Assistant Job Description (Laibson/Madrian/Choi/Beshears)

Economics professors David Laibson (Harvard University), Brigitte Madrian (Harvard Kennedy School), James Choi (Yale University), and John Beshears (Harvard Business School) are hiring full-time research assistants with start dates during the summer of 2018. These one- or two-year positions involve work on theoretical and empirical research related to behavioral economics, decision making, savings, and health behaviors. The research uses field data, experimental data, and hybrid field experiments.

For examples of our research, see our faculty pages:

- <https://scholar.harvard.edu/laibson/home> (<https://scholar.harvard.edu/laibson/home>)
- <https://scholar.harvard.edu/bmadrian/home> (<https://scholar.harvard.edu/bmadrian/home>)
- <http://som.yale.edu/james-choi> (<http://som.yale.edu/james-choi>)
- <http://www.hbs.edu/faculty/Pages/profile.aspx?facId=8943> (<http://www.hbs.edu/faculty/Pages/profile.aspx?facId=8943>)

**Principal Duties and Responsibilities:**

1. Performing statistical analyses on large databases
2. Designing and running experiments
3. Programming simulations of theoretical models
4. Proving theoretical results

**Qualifications:**

1. Bachelor's degree by start date (required)
2. Strong programming and quantitative skills, including coursework in multivariable calculus, matrix algebra, probability, and statistics (required)
3. Previous experience estimating econometric models (strongly preferred)
4. Interest in applying to a quantitative PhD program and pursuing an academic career (strongly preferred)

We prefer research assistants who want to become professional economists, but we're interested in future PhDs in any quantitative field. Our past full-time RAs have enrolled in the following PhD programs: Harvard economics (10), Harvard business economics (4), Harvard public policy (1), MIT economics (6), MIT operations research (1), Princeton economics (1), University of Chicago GSB - finance (2), University of Chicago GSB - economics (2), University of Chicago history (1), UC Berkeley economics (1), Yale economics (1), and Columbia economics (1)

**Application Process:**

1. Submit a single PDF containing your (1) cover letter, describing your interest in and qualifications for the position, (2) resume, and (3) unofficial transcript using the Apply link above. Applications must be received by 11:59 pm ET on Thursday, October 5, 2017.
2. Qualified applicants will be invited to complete a data analysis task to demonstrate quantitative proficiency. Additional information about this task will be circulated to qualified applicants in mid- to late-October 2017.
3. Highly-qualified applicants will be invited to interview with our team and provide up to 3 references.
4. Final hiring decisions will be communicated in mid- to late-November 2017.

Visa sponsorship is available.

**OTHER DETAILS**

Wage: \$52,800

Location: Cambridge, MA

Start Date: 6/15/2018 (negotiable)

**EMPLOYER PROFILE**

Founded in 1920, the National Bureau of Economic Research is a private, nonprofit, nonpartisan research organization dedicated to promoting a greater understanding of how the economy works. The NBER is committed to undertaking and disseminating unbiased economic research among public policymakers, business professionals, and the academic community. The NBER is an equal opportunity employer. We do not discriminate on the basis of race, religion, color, sex, age, national origin, or disability. The NBER will make reasonable accommodation for any disabled applicant, and will provide assistance to disabled applicants as needed during the application process.
